

HUMIPLX[®]

12-24-4

with Chelated Micronutrients

Soluble Nutrient Spray for foliar feed
To Prevent and Correct Nutrient Deficiencies

Contains EDTA & HEDTA

GUARANTEED ANALYSIS

TOTAL NITROGEN (N)	12.00%
6.1% AMMONIACAL NITROGEN	
5.9% UREA NITROGEN	
AVAILABLE PHOSPHORIC ACID (P ₂ O ₅)	24.00%
SOLUBLE POTASH (K ₂ O)	4.00%
BORON (B)	0.02%
COBALT (Co)	0.0005%
COPPER (Cu)	0.05%
IRON (Fe)	0.10%
0.10% CHELATED IRON	
MANGANESE (Mn)	0.05%
0.05% CHELATED MANGANESE	
MOLYBDENUM (Mo)	0.0005%
ZINC (Zn)	0.05%
0.05% CHELATED ZINC	

DERIVED FROM PRIMARY PLANT FOODS: DIAMONION PHOSPHATE, PHOSPHERIC ACID, AMMONIA, UREA, TETRA POTASSIUM. SECONDARY FOODS: BORAX, COBALT, SULFATE, COPPER EDTA, IRON HEDTA, MANGANESE EDTA, SODIUM MOLYBDATE, ZINC EDTA. THE CHELATING AGENT IS EDTA (ETHYLENE DIAZNE, TETRAACETIC ACID).

* ALSO CONTAINS NON-PLANT FOOD 0.4% HUMIC ACID DERIVED FROM LEONARDITE.

GARDEN BOOSTER

PRODUCT INFORMATION

HUMIPLX[®] GARDEN BOOSTER is an all purpose garden mix.

GARDEN BOOSTER is a liquid plant food containing the **primary and secondary** plant nutrients. The **secondary** plant nutrients are chelated with **EDTA** to provide fast break and ease of mobility into the plant system.

GARDEN BOOSTER liquid foliar fertilizer was formulated to provide a fast method to boost plants during critical or high growth periods, damage due to weather and for correction of nutrient deficiencies.

GARDEN BOOSTER promotes vigorous seed and root development as well as a strong cell structure when used as a supplement to a soil fertilizer program. Micro-Nutrients are needed for healthy seed development, root structure and cell structure, especially in soils where the nutrients have been depleted in sufficient quantities to cause reduced yields or stunted plants. **GARDEN BOOSTER** insures against these nutrients to help stimulate early root development and speed up plant growth.

GARDEN BOOSTER liquid nutrients contain **ENHANCE[®]** (THA) Technical Humic Acids to help promote rapid absorption through the leaf tissue and root system of the plant. **GARDEN BOOSTER** nutrients are available for plant food and non-phytotoxic when used as directed.

GENERAL USE:

1-4 qts. **GARDEN BOOSTER** in 100 gal. water per 4000 sq. ft. of yard space. Repeat every 2 weeks or monthly as needed.

GARDEN BOOSTER can be injected into the sprinkler system with the use of a venturi system or fertilizer injection pot.

Small sprayers: Maximum dilution of 1 pint **GARDEN BOOSTER** in 5 gallons of water. Can be applied weekly if needed.

Nursery and Greenhouse: 1 qt. per 100 gallons of water. Feed weekly.

Transplanting Solutions: 6 oz. per 10 gallons solution or 1 tsp. per quart.

Trees: Dilute 1 pint in 2 qts. water. Pour around trunk of tree. Repeat monthly.
