

HUMIPLX

YARD BOOSTER

10-19-6

With Chelated Micronutrients
Contains Enhance (THA)* Technical Humic Acids

GUARANTEED ANALYSIS

TOTAL NITROGEN (N).....	10%
4.4% Ammoniacal Nitrogen	
5.6% Water Soluble Organic Nitrogen	
AVAILABLE PHOSPHORIC ACID (P ₂ O ₅).....	4%
SOLUBLE POTASH (K ₂ O).....	7%
Boron (B).....	0.02%
Cobalt (Co).....	0.0005%
Copper (Cu) EDTA.....	0.05%
0.05% Chelated Copper	
Iron (Fe) HEDTA.....	0.10%
0.10% Chelated Iron	
Manganese (Mn) EDTA.....	0.05%
0.05% Chelated Manganese	
Molybdenum (Mo).....	0.0005%
Zinc (Zn) EDTA.....	0.05%
0.05% Chelated Zinc	
Derived From Diammonium Phosphate, Phosphoric Acid, Ammonia, Urea, Potassium Phosphate, Borax, Cobalt Sulfate, Copper EDTA, Iron HEDTA, Manganese EDTA, Sodium Molybdate, Zinc EDTA. Chelating agent is EDTA (Ethylene Diamine, Tetra-Acidic Acid)	

ALSO CONTAINS NON-PLANT FOOD INGREDIENT
0.05% Humic Acids derived from Leonardite

NET CONTENTS 5 GALLONS
18.93 LITERS
11 LBS. PER GAL @ 68° F
1230 GRAMS PER LITER @ 20° C

PRODUCT INFORMATION

YARD BOOSTER is a well balanced liquid plant food containing the **primary** and **secondary** plant nutrients. The **secondary** plant nutrients are chelated with **EDTA** to provide fast break and ease of mobility into the plant system.

YARD BOOSTER liquid foliar fertilizer was formulated to provide a fast method to boost plants during critical or high growth periods, damage due to weather and for correction of nutrient deficiencies.

YARD BOOSTER promotes healthy seed and root development as well as a strong cell structure when used as a supplement to a soil fertilizer program. Micronutrients are needed for healthy seed development, root structure and cell structure, especially in soils where the nutrients have been depleted in sufficient quantities to cause reduced yields or stunted plants. **YARD BOOSTER** insures against these nutrients deficiencies providing the essential nutrients to stimulate early root development and speed up plant growth.

YARD BOOSTER liquid nutrients contain ENHANCE® (THA) Technical Humic Acids to help promote rapid absorption through the leaf tissue and root system of the plant. **YARD BOOSTER** nutrients are available for plant food and non-phytotoxic when used as directed.

GENERAL USE:

1-4 qts. **YARD BOOSTER** in 100 gallons of water per 4000 sq. ft. of yard space.

YARD BOOSTER can be injected into the sprinkler system with the use of a venturi system or fertilizer injection pot.

Small Sprayers: Maximum dilution of 1 pint **YARD BOOSTER** in 5 gallons of water.

Nursery and Greenhouse: 1 qt. per 100 gallons of water.

Transplanting Solutions: 6 oz. per 10 gallons solution.

HUMIPLX® Is a Registered Trademark of Western Nutrients Corporation.

ENHANCE® Is a Registered Trademark of Western Nutrients Corporation consisting of (THA) Technical Humic Acids.
