**WARRANTY:** WESTERN NUTRIENTS CORPORATION makes no warranty, express or implied, including the warranties of merchantability and/or fitness for any particular purpose, concerning this material, except those which are contained on the Western Nutrients Corporation label attached to the product container.

## PRODUCT INFORMATION

Western Nutrients **Nursery Mix** line provides a fast method to boost plants during critical or high growth periods.

WN **Nursery Mix** line promotes vigorous root development as well as a strong cell structure when used as a supplement to a soil fertilizer program. Micronutrients are needed for seed development, root structure and cell structure, especially in soil where the nutrients have been depleted in sufficient quantities to cause reduced yields or stunted plants.

## GENERAL USE:

1 - 4 qts. **Nursery Mix** in 100 gallons of water per 4000 sq. ft. of yard space.

**NURSERY MIX** can be injected into the sprinkler system with the use of a venturi system or fertilizer injection pot.

## SMALL SPRAYERS:

Maximum dilution 1 pint **Nursery Mix** in 5 gallon of water in fertilizer mix tank.  
1 gallon of **Nursery Mix #1** contains :

### Information for Mixing Purposes

Elemental Iron .....	0.325#
Elemental Manganese .....	0.162#
Elemental Sodium Molybdate.	0.020#

**CAUTION:** The application of fertilizer materials containing molybdenum may result in forage crops containing levels of molybdenum which are toxic to ruminant animals.
