## PRODUCT INFORMATION

**START-UP MULTI MIX** Chelate Solution was formulated for use with basic starter fertilizers pH 6 or higher at planting time.

**START-UP MULTI MIX** Chelate Solution can be incorporated in basic liquid fertilizers at time of planting, side dressing application, or other situations where it is difficult to get micronutrients to the root zone.

**START UP** is composed of organic carriers of Citric Acid which forms a chemical bond when processed.

Iron generally becomes more available when combined and applied with a good nitrogen source. To insure that maximum iron uptake is obtained we have incorporated a nitrogen source in our START-UP product line.

## APPLICATION RATES

**Trees including Citrus, Other Fruit and Ornamentals** (trunk diameter over 6 inches): *Soil Application*-Apply 1 to 4 qts. per tree depending on age, size of tree and extent of chlorosis. *Foliar Application*-Thoroughly wet the leaves using 1 qt. per 100 gallons of solution. Do not apply during bloom.

**Field Crops including Corn, Sorghum, Beans and Cotton:** *Soil Application*-Apply 3 to 10 qts. per acre in starter fertilizer, bulk blend or liquid. Rate will depend on soil conditions and extent of deficiency. *Foliar Application*-Apply 1 qt. per 100 gallons of solution 4 to 6 weeks after planting. Do not apply during bloom.

**Vegetable Crops including Beets, Lettuce, Celery, Onions, Peas, Potatoes, Radish, Spinach, and Tomatoes:** *Soil Application*-Apply 1 to 10 qts. per acre in starter fertilizer, bulk blend or liquid. Rate will depend on soil condition and extent of deficiency. *Foliar Application*-Apply 1 qt. per 100 gallons of solution 4 to 6 weeks after planting. Do not apply during bloom

**Lawns and Turf:** Apply 1 qt. per 10,000 sq. ft. Mix thoroughly with water and apply evenly. Application should be followed with a thorough watering.

**Garden Flowers:** *Soil Application*-Use 4 ozs. per 100 feet of row. For individual plants (in garden) use 3/4 oz. *Foliar Application* Thoroughly wet leaves using 1 qt. per 100 gallons solution. Do not apply during bloom.
